

RECIRCULATED

Circular Transport Packaging Solutions

Building a **future of sustainable supply chains.**

We help companies cut costs and carbon with alternative, recyclable supply-chain solutions and circular economy strategies. Our services include:

- Sustainable Product Sourcing
- Circular Strategy Consulting
- Waste Stream Recovery
- Track and Trace System Development
- Pooling Program Navigation
- Zero Waste Certification Support
- Special Project Consulting & Strategic Partnerships
- Hard-to-Recycle Waste Solutions

IN SEARCH OF INNOVATIVE VENDOR PARTNERS WHO CAN SUPPLY:

- Recycled & virgin plastic pallets
- Reusable bins, totes, and collapsible containers
- Reusable pallet wraps, bands, mesh covers, and lids
- Corner boards, slip sheets, tier sheets, and stacker boards
- Reusable milk crates, bread trays, and cheese trays
- Stretch film alternatives
- Track & trace technology for pooling and reuse

YOUR TRUSTED PARTNER

As a vendor-neutral partner, we recommend the right products and design efficient systems to keep your supply chain sustainable, cost-effective, and compliant with evolving regulations.
